Adelaide, South Australia (Canvanaut co-working space available; remote-AU with travel for the moments that matter)

Career Summary

Vertical GTM strategist and B2B SaaS product marketing leader with 15+ years of marketing experience. Direct buyer-side credibility in two of three target verticals for this seat: three years on faculty at the University of South Australia and TAFE SA (Higher Education), plus state-government tourism partnerships and a regulated financial services GTM build (Government and regulated industries). Worked inside a Canva partner agency (Refuel Creative, 2020 – 2023), using the platform for client production and pitch work across B2B SaaS, government, defence, aged care and disability sectors. Currently Head of Marketing at 90 Seconds, leading the global marketing function from an APAC base, where positioning, messaging, sales enablement, pitch decks, solutions pages, qualification guides, demo scripts and named-account narrative work are core day-to-day. \$5M in opportunities generated since June 2024 through inbound, paid, ABM, lifecycle and field. Two years of practical AI tooling shipped in Replit, Claude Code and the Anthropic API: a sales enablement workspace with a Pitch Builder in beta with the global field team, the HubSpot Customer Agent live in production, and a 300+ page website migration system on the Anthropic API. Certified Practising Marketer.

Core competencies

- **Higher Education vertical adjacency.** Three years on faculty at UniSA Creative (Lecturer, 2016 – 2018) and TAFE SA School of Business and Marketing (Lecturer, 2011 – 2018). Industry Advisory Panel Member at the UniSA School of Communication (2015). Direct exposure to academic faculty as a buyer, curriculum design, institutional procurement and university decision-making.
- **Government and regulated-buyer adjacency.** State-government tourism partnerships at SeaLink (Tasmania state agencies for Bruny Island, SA Tourism Commission for Kangaroo Island). B2B strategy for Adelaide Bank in regulated financial services. Senior network into SA Government, including a written testimonial from the Executive Director of Information Systems and Technology at South Australian Police.
- **Product marketing and sales enablement.** Positioning, messaging, pitch decks, solutions pages, qualification guides and demo scripts shipped from the marketing seat at 90 Seconds. Built the 90 Labs sales enablement workspace (29+ active assets). The Pitch Builder inside it is in beta with the global sales team. Initial signals promising. Contributed to the internal GTM OS architected by the VP of Product, integrating CRM and SEMrush data for market mapping and content coverage analysis by ICP and buyer persona. Pipeline-impact work: \$5M in opportunities since June 2024 across all marketing channels.

- **Win/Loss and buyer research.** Stand up qualification guides and discovery frameworks across enterprise verticals at 90 Seconds. Win/Loss-style intelligence from the Refuel Creative agency proposal pipeline (\$350K in won proposals over 18 months across regulated and complex-buyer sectors).
- **Cross-functional partnership.** Daily partnership across Sales, Product, Legal, Customer Marketing, Demand Gen and Enablement teams. Comfortable in multi-stakeholder environments.
- **AI builder, hands-on.** Daily driver of Claude (Sonnet and Opus), Claude Code, Replit and the Anthropic API. Problem framing and rapid prototyping is the lane, not deep engineering. The stack Canva's audience is using is the stack I already live in.
- **Enterprise buying and procurement fluency.** Master Services Agreements, regional supplier agreements and Statements of Work through 90 Seconds enterprise customer work. Useful for the institutional and regulated buyers in Canva's vertical mix.
- **HubSpot expert.** 172% lead lift via HubSpot platform rebuild (2023 HubSpot Impact Award, Platform Excellence). HubSpot Customer Agent configured and live in production at 90 Seconds.
- **Field events at scale.** Nine years as a Director of Digital Adelaide, grown from 40 marketers to over 200 delegates. End-to-end event delivery, sponsor sales, speaker programmes.

Marketing technology stack

- **AI layer:** Claude (Sonnet and Opus), Claude Code, Replit, Anthropic API, ChatGPT, Perplexity, Midjourney, Grok (image-to-video), OpusClip (long-form to short-form video), FigmaMake, Claude Design.
- **HubSpot AI:** Breeze, ContentRemix, Customer Agent (configured live in production).
- **Marketing channels:** field events and roundtables, ABM, paid (Google, Meta, LinkedIn), SEO and content, lifecycle (HubSpot), PR, partner co-marketing, outbound sequences.
- **Tools:** HubSpot (expert), Salesforce, Google Analytics, SEMrush, LinkedIn Campaign Manager, Google Ads, Adobe Creative Cloud (briefing level), Canva (daily user since 2014, partner-agency production at Refuel Creative), Figma, Asana.

Selected GTM and AI builds

90Labs sales enablement platform (90 Seconds, 2024 – current)

Designed and built solo. End-to-end via Replit with Claude and Claude Code doing the engineering work under my prompts. The workspace hosts 29+ active assets (landing pages, capability decks, trends decks) used by the field team. The custom Pitch Builder, the marquee tool inside it, is in beta rollout with the global sales team. Replaced an ad hoc folder of stale decks with a live platform that pitches off the latest brand-approved content. Initial signals promising; early users report time-to-pitch dropping from hours to closer to 30 minutes. This is the closest mirror to product marketing work I have shipped: positioning, qualification, demo enablement, all live in the hands of the field.

GTM OS (90 Seconds, 2024 – current)

Internal AI operations platform architected by our VP of Product. Integrates HubSpot and SEMrush data to automate market mapping and content coverage analysis. I contribute the marketing logic and content side: prompting, scoring criteria, and detail

refinement on the workflow. The platform sizes vertical opportunities and exposes content gaps by segment.

HubSpot Customer Agent (90 Seconds, 2025)

Configured and shipped HubSpot's Customer Agent for 90 Seconds. Now handles incoming customer service queries with AI in production. Vendor AI capability integrated into a live workflow, with the change management to make it stick.

300+ page website migration system (90 Seconds, 2025)

First-principles redesign of a problem usually solved with a content audit committee and a migration agency. Built an AI-scored content inventory and an automated migration pipeline on the Anthropic API. Pages crawled, classified, scored and migrated by agents. System live; rollout in flight.

Experience and Achievements

12/2023 – Present | Head of Marketing at 90 Seconds

- Member of the Leadership Team, reporting to the CEO.
- Lead the global marketing function from an APAC base. Two direct reports in APAC. Daily collaboration with sales and marketing counterparts across US, UK and EMEA. 90 Seconds is a global B2B SaaS platform that empowers enterprise brands to create video at scale.
- Cover the full function: regional strategy, brand, content and video, demand generation, lifecycle, sales enablement, field events, partner programmes, and internal AI building.

Key achievements

- **Sales enablement and positioning work at scale.** Built 90Labs (sales enablement workspace with 29+ active assets; Pitch Builder in beta rollout with global field). Positioning and qualification narratives live in the field across enterprise verticals.
- **Pipeline generation.** Generated \$5M in opportunities from inbound, paid, ABM, lifecycle and field since June 2024. Marketing-sourced and marketing-influenced contribution reported into the leadership team.
- **Enterprise vertical narratives.** Stand up named-account programmes targeting enterprise marketing and content leaders across multiple verticals. Brief and ship outbound sequencing and content layers for sales partners.
- **AI tools in production.** Configured and shipped the HubSpot Customer Agent (live), designed the 300+ page website migration system (rollout in flight), and contribute to GTM OS in partnership with the VP of Product.
- **Brand and creative.** Delivered a new brand within the first two months in the role, including launch of the new multilingual website. Led marketing and design teams to optimise organic traffic, conversion rates and quality lead generation.
- **Enterprise procurement.** Worked inside enterprise customer procurement covering MSAs, regional supplier agreements and Statements of Work.

08/2020 – 12/2023 | Digital Marketing Manager at Refuel Creative

- Member of the Leadership Team, reporting to the CEO.
- Four direct reports. Led the team to deliver multi-channel marketing strategies and campaigns across B2B SaaS, government, defence, aged care and disability sectors. Managed budgets above \$900K. Wrote winning proposals.

Key achievements

- **Higher Education ABM.** Exceeded MQL target by 3.8x for social ad campaigns targeting CEOs, MDs and Business Owners over four months for the University of South Australia's executive growth programme.
- **Government-precinct stakeholder work.** Won and delivered the social media strategy contract for Lot Fourteen, Australia's innovation neighbourhood and a multi-stakeholder government/innovation precinct.
- **Demand generation for B2B SaaS.** Shaped a HubSpot implementation for K-TIG, an industrial SaaS client, across Marketing, Sales, Service and CMS Hubs. 172% increase in leads within three months of new website launch. Won the 2023 HubSpot Impact Award for Platform Excellence.
- **Lifecycle and expansion.** Re-engaged 4,000 inactive SaaS subscribers through a nurture workflow. 1,000 users signed back in. 20% lift in trial users.
- **Canva partner agency.** Refuel Creative operated as a Canva partner across the period. Built client production and pitch work on the platform daily across B2B SaaS, government, defence, aged care and disability sectors.
- **Channel and partnership wins.** Delivered \$350,000 in agency revenue through winning proposals within 18 months across multiple regulated and complex-buyer sectors.
- **Paid performance.** Acquired 82x ROAS on a B2C Google Search Ads campaign for a national hostel chain, generating approximately \$410,000 in revenue. Delivered data-led ad strategy for UK mobile game developer TreesPlease Games, acquiring 500,000+ users across Brazil, US, Canada, NZ, Australia and UK at a 20% reduced CPI.

06/2015 – 12/2025 | Director at Digital Adelaide

- One of three directors of South Australia's largest marketing conference.
- Built and sustained a nine-year community brand for the SA marketing profession.

Key achievements

- **Event growth.** Grew Digital Adelaide (formerly Social Media Day Adelaide) from about 40 marketers to over 200 delegates.
- **Speaker and sponsor programmes.** Curated speaker line-ups that attracted larger national partners each year. Built long-term sponsor relationships across tech, education and SA government.
- **End-to-end event delivery.** Owned venue selection and vendor management, sponsorship sales and fulfilment, ticketing and attendee acquisition, on-the-day production and post-event reporting.
- **Format pivots.** Worked with co-directors during COVID-19 to deliver a 100% virtual conference in 2020.

07/2016 – 12/2018 | Lecturer, UniSA Creative, University of South Australia

- Postgraduate teaching in the Graduate Diploma in Communication. Mentored students through industry entry and early career.

Key achievements

- Developed and delivered Australia's first postgraduate Social Media Management course in 2016 as part of the Graduate Diploma in Communication (Public Relations).
- Worked inside university faculty governance, curriculum approval and assessment standards.
